

**Lime Will Increase Your Land's Yield**

Pulverized limestone, as every farmer knows today, has proven itself a necessity on the farm where acid soil prevails—and when full yield per acre is the aim of the farm owner.

**Solvay Pulverized Limestone**

is used by the big majority of farmers in your state. Your neighbors use it.

More finely pulverized—containing a bigger percentage of carbonates and magnesia—furnace dried—Solvay is the most satisfactory and effective limestone you can buy.

Let us quote you on your needs.

An very interesting meeting was held at the school house Tuesday by the Parent Teachers' Club. After a program of music furnished by Miss C. R. Burt, the high school orchestra and Miss Wilhelmina Kiesel, the playground proposition was discussed at length. Mrs. Frank Isom talked on "More Fun in Play," Rev. Roy Shroyer, Paul Chambers, Superintendent L. F. King, all discussed different phases of the subject. How to get equipment for a playground is the problem which confronts the club at the present time. After this discussion Mrs. Gare presented the subject of a community center, reading room and public library, with the idea that such a center would be a fitting memorial to the boys who lost their lives. This matter is to come under the consideration of the Delphian society and the civic league.

Mrs. Bell Yanger, who has been assisting in the care of her mother, Mrs. L. B. Crandall, has returned to her home in Grand Rapids.

Honey McCormick and daughter, Jessie, reached their home in Robie Sunday after an extended trip through the south and west.

**"What's What" In New Spring Tailor-Mades**

Dame Fashion is specializing on the tailor-made—so there's little wonder that suits and coats have appeared with so many new and charming styles.

Snug sleeves, trim shoulders and skirts tapered just right give the favored narrow silhouette.

Little touches—especially braid—make the strictly tailored less severe.

Box suits supplant the Eton with a new little swing all their own.

Belted models take on an air with oddly tucked pockets, tuxedo girdles and shawl revers.

Let us show you these Wooltex tailor-mades that are illustrated and many others just as attractive—the last word in Spring styles.

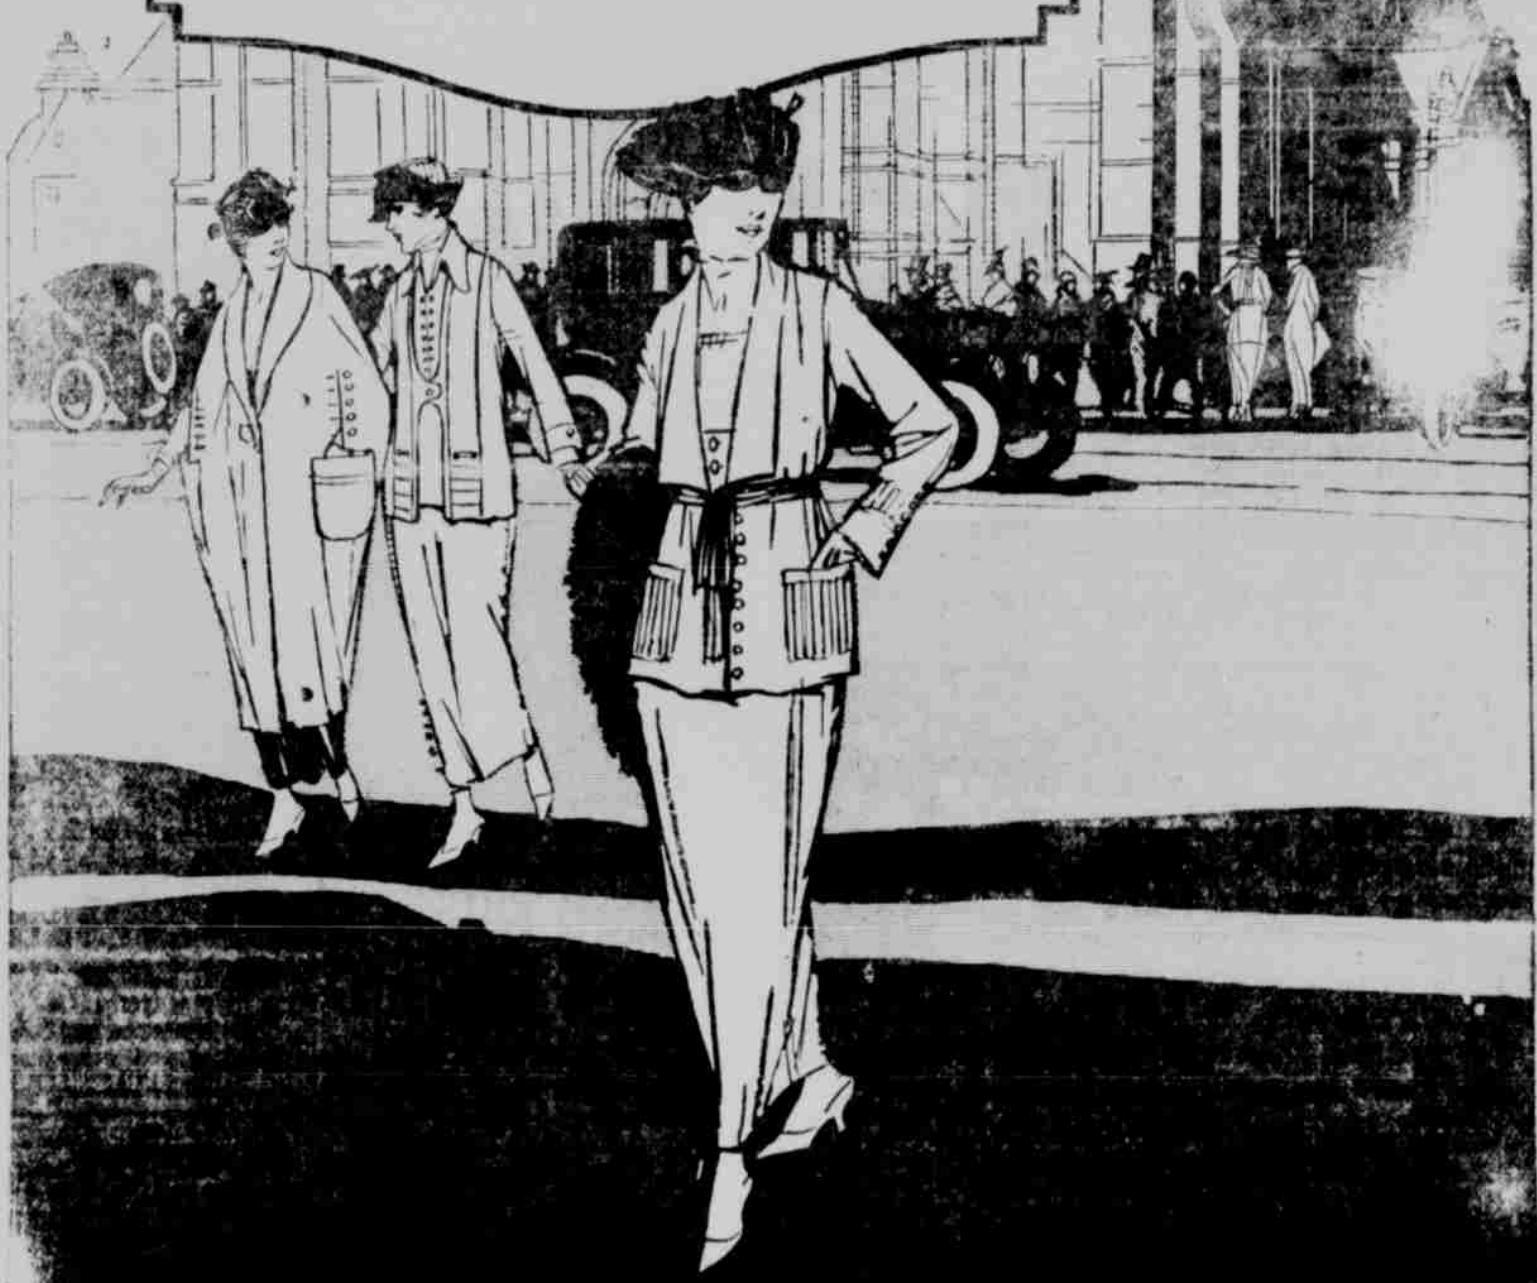

**ROBINSON'S**

Illustrated—from left to right:

No. 2690 is a pretty compromise between cape and coat with new opening and odd pocket treatment; silk stitching forms a back yoke. Of fine French serge . . . . \$43

No. 3645. A youthful box suit with slenderizing plaid and oddly finished front; discoloring at white detachable sash. Fine French serge . . . . \$35

No. 5255. This belted model gets its smartness from the roll tucks on belt and pockets, a wide girdle and shiny nickel buttons. Of blue serge . . . . \$65
